**HISTORY**

India's Leading **HI-Quality** V-Belt Manufacturer for over **40 years**. **ISO 9001 & ISO 14001** certified company, adhering to **IS-2494 PART-1, BS-3790, DIN-7753, ISO-5289, ISO-3410, and RMA-IP 22 standards**.

**INTEGRITY**

Dedicated Distributor Channel Partners are part of our family for an average of over thirty years. We make **LASTING BELTS & LASTING RELATIONSHIPS**. Hand picked Supplier Partners provide raw material with strict tolerance that compliments our uncompromised **OBSESSION WITH QUALITY**.

**QUALITY**

**UNDISPUTED MARKET LEADERS** For Agricultural Harvester Combine Belts **since 1981**. Critical Industrial Applications endorse our quality - we set a **RECORD IN 2018** for supplying Steel Rolling Mills the **WORLDS LONGEST V BELTS – SECTION E848**. Our Mantra remains: **EXCELLENT QUALITY @ EXCELLENT PRICE**

**Our Green Initiative: 100Kw Solar Plant Commissioned in 2019**

In **2008 VOLGA** completed a strategic acquisition of **GIMPEX RUBBERS**, a fantastic manufacturing business established in 1980; GIMPEX roots were further entrenched in **HILTON RUBBERS** established in **1972**. We also acquired well established legacy brands such as **HILTON**. We improved operations and developed the best engineered **G-SET V11 Belts** that are **SET FREE**. Volga, the largest river in Europe, serves as a reminder to the original company's decorated past wherein Russian Harvester Combine Belts were supplied back in the 1980's. We power on and pursue excellence in both product and service. Using the **BEST** raw materials available within the narrowest parameters to develop compounds, our **Neoprene V-BELTS** are **GUARANTEED** against failure.

**SIMPLY FIT AND FORGET !**
